

Congratulations, you have decided to do business with a Good Contractor! What does that mean for you? Simply because ATLAS FOUNDATION CO., INC. is a member of our organization, you have the following:

FREE Third-Party Mediation Services

The Good Contractors Organization has an amazing mediation process designed to make things right! If you have any issues with a Good Contractor member, you can contact The Good Contractors Organization and they will get involved. Because of the pre-screening process and, more importantly, the follow up process, it is rare that issues escalate when The Good Contractors Organization gets involved.

\$10,000 Quality of Work Guarantee

The Good Contractors Organization is so sure of the quality and integrity of the contractors chosen, that they will pay up to \$10,000 out of their own pockets to fix something if the contractor fails to do what they promise to do. It is rare that a “fix” will exceed \$10,000 and it is even more rare that a contractor chosen to be a part of this organization will leave the homeowner unsatisfied. That faith and the outstanding relationships with their contractors is what allows The Good Contractors Organization to boldly do what no other resource has attempted to do...Guarantee the contractors work!

CONTRACTORS PROMISE

As a Good Contractors Organization member, we agree to do honest quality work in accordance with our written agreement. If issues arise, we will respond in a timely manner and will work to the best of our ability to resolve the issue quickly.

HOMEOWNERS PROMISE

We understand that miscommunications and mistakes can happen when working with human beings. We promise to give the contractor every opportunity to correct an issue and if there is any loss of trust to contact The Good Contractors Organization immediately. We promise to follow The Good Contractors Organization's process of conflict resolution before going to the review sites or taking legal action.

The Good Contractors Organization offers this \$10,000 guarantee free of charge to the below signed. However, the guarantee becomes null and void if the homeowner takes actions into their own hands and attempts to discredit the contractor and does not allow The Good Contractors Organization to work through the resolution process. We are beyond confident that any issue will be resolved through mutual respect and communication.

I accept these terms and promise to allow The Good Contractors Organization to handle any disputes.
